

Hello!

We are really pleased to see you here today

Whether you are new to us or have visited before, we want you and your children to feel relaxed and welcome.

To help here are some top tips:

- Seats - pick any seat (no reserved seats here)
- Our aim is to make worship inclusive for all ages, but if you need time out we do provide activities for your child
- Looking for toilets/baby changing - please ask or follow the signs
- Safety is really important and we take it seriously. There are areas and items in church that may be dangerous to young children. Please keep your children safe.
